Mountain Fuel Supply Company
Rock Springs, Wyoming

Gentlemen:

It has come to our attention that you are now drilling B. W. Musser well #8, SW $\frac{1}{4}$ SW $\frac{1}{4}$ NE $\frac{1}{4}$ 9-11N-97W, in Moffat County, Colorado. Upon examination of our files we note that we have had no notices of intention to drill any Musser wells since Musser #2 was drilled.

We wish to call to your attention the fact that the regulations call for submitting certain reports on each well. These are: Notice of Intention to Drill; Progress Reports on the drilling of wells; three copies of well log, form OGCC-2, upon completion, and three copies of Schlumberger log; and if a dry hole, a notice of intention to abandon, which should be approved by this office.

If you need any of these forms, please let us know.

Sincerely yours,

Director.
