**Good Housekeeping:**

Type	STORAGE OF SUPL		
Comment:	Inspection #682504011 and 682504103 documented two (2) barrels being stored outside of secondary containment at the well, and two (2) barrels being stored outside of secondary containment at the meter shed SE of the well location, and required operator to properly store barrels within secondary containment or remove from location and properly store. Barrells at meter shed have been removed. Barrells at well have not been properly stored within secondary containment or removed per corrective actions. This corrective action remains applicable. This is the third inspection requiring issue to be addressed and is being referred to enforcement.		
Corrective Action:	Properly store barrells and container within secondary containment or remove from location and properly store.	Date:	10/21/2018
