**General Comment:**

Follow up inspection to 8/15/18 corrective action inspection #685200541. Well not producing, not plugged, equipment not in use has not been removed.

Well still reported as SI by operator, well is in state of TA per 100 series definitions. It is not connected to sales line, there is no sales infrastructure or gathering company present. No approved Sundry Notice to maintain well as TA (temporarily abandoned) per Rule 319.b, Well has no useful purpose per Rule 208.

Inspection details corrective actions not performed which are still required as well corrective actions that have been completed.
