Comment:

Corrective Action:	Subsidence was observed at the PA well location with no vegetative growth. Puncture vine, with no other vegetation, was observed throughout the entire access road which also appears to have spread off the access road. Refer to the attached inspection photos.	Date 12/31/2018
	The associated tank battery is off location (40.315110,-104.583980) and was not inspected by COGCC Staff because it was thought to be in another location. Based off the most current aerial imagery, the Operator has failed to reclaim the tank battery.
