Comment:

Corrective Action: \_\_\_\_\_ Date **12/31/2018**

Comply with Rule 1004. The corrective date is not intended to be the date for which the Operator shall complete the corrective actions but rather the corrective date is the date the location was observed out of compliance. Also, since this is in cropland the Operator shall collaborate with the landowner to determine mitigating measures that will allow reclamation work to be conducted.
