Date of work completion:	8/15/2018
Well Name	State 01-36 35-08 3
Select State	Colorado
Work type	COGCC Inspection
Inspection Number	685305163

## Action Completed:

Slump on west cut slope was backfilled, seeded and ground matting was installed. The diversion ditch/berm at the base of the slope was rebuilt and extended. A new tank label was installed on the tank secondary containment. Miscellaneous trash/debris was removed and the pad was regraded.

## Other \*must specify in notes\*

## Installed diversion ditch

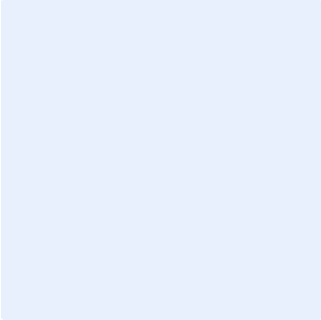

## New Sign Install
