<p>On January 23, 2019 COGCC SW EPS Jim Hughes conducted an environmental field inspection of the Beeman Oil and Gas LLC Barbara #2. For the most recent field inspection report of this facility, please refer to document #685303999. A rig crew with Professional Well Services Rig #1 was on location during this inspection. Beeman representative Kelly Galloway was on site during this inspection. Personnel on site were alerted to the oily material on the ground and it was scooped into the trailer mounted tank. Ensure that this material is properly stored and disposed of in accordance with COGCC 900 series rules. Rig crew was running tubing back into the hole in preparation for an MIT. AST labeled condensate does not have capacity listed on it.</p>	hughesjo	01/29/2019
