Comment: Operator does not appear to have implemented and maintained Best Management Practices (BMPs) to control stormwater runoff in a manner that minimizes erosion, transport of sediment offsite, and site degradation per Rule 1002.f.(2). Operator does not appear to have implemented BMPs in accordance with good engineering practices per Rule 1002.f.(2). Portions of the berm BMP are unconsolidated. An unconsolidated berm BMP is not a proper functioning BMP. Portions of the ditch BMP have been altered from construction operations and needs maintenance. See attached inspection photos for more details.

Corrective Action: Install, repair, or replace required BMPs per Rule 1002.f. in accordance with good engineering practices.

Date: 02/06/2019

Pits: ☐ NO SURFACE INDICATION OF PIT
