CORRECTIVE ACTIONS:

1 CA# 116361

Corrective Action: Remove electrical equipment. If any project related electrical equipment located off site is still present (i.e. power poles or boxes), then removal is also needed.

Date: 06/30/2018

Response: CA COMPLETED Date of Completion: 06/01/2018

Operator Comment: Please see the attached request the landowner has requested.

COGCC Decision: **Not Approved**

COGCC Representative: Leaving equipment will require a variance request and approval from the Director. Please note that a variance will have to demonstrate that leaving the equipment is protective of public health, safety, and welfare, including the environment. A variance for failed revegetation will not likely be approved as additional reclamation such as proper decompaction, soil testing, and amendmentments would likely correct the problem. Location will remain out of compliance until corrective actions are addressed.

OPERATOR COMMENT AND SUBMITTAL

Comment: The private landowners Kenneth & Sandra Downey have requested that we leave the electicity as is and leave the location condition as is. See attached landowner request for reclamation approval.

I hereby certify that the statements made in this form are, to the best of my knowledge, true, correct, and complete.
