Re: Request to Access State Land
Colorado State #3, 36-T8N-R67W
API 05-123-05472
Lat/Long: 40.619701/-104.834035

Dear Mr. Pollart,

Enerplus Resources (USA) Corporation would like to request permission to use the surface location of the Colorado State #3 in order locate and plug said well.

Enerplus Resources (USA) Corporation intends to locate, re-enter and re-plug the Well, in accordance with the DJ Basin Horizontal Offset Policy, as set forth by the Colorado Oil and Gas Conservation Commission ("COGCC").

The Well will be plugged in accordance with temporary access permit rights granted by the State of Colorado. A 100' x 100' area surrounding the possible location of the Well as indicated by the Lat/Long above, will be designated as the disturbance area. Once the Well is located a 150' x 150' pad will be designated as the pad location for plugging operations. If the well cannot be located within the 100' x 100' disturbance area the Enerplus Resources (USA) Corporation will cease operations and contact the State Land Board to discuss further efforts to locate the well.

Please let us know if you would like to set up a consult to view the pad site. Should you find the location satisfactory, please sign and return the attached acknowledgement. If you have any questions, please do not hesitate to call or email me.

Sincerely,

Enerplus Resources (USA) Corporation

Jacki Johnson

Surface Landman

ENERPLUS RESOURCES
