## OPERATOR COMMENTS AND SUBMITTAL

Comments Storm Water Management Plan (SWMP) will be in place to address construction, drilling and operations associated with oil and gas development through the state of Colorado in accordance with Colorado Department of Health & Environment (CDPHE) general permit rules.

Location access is coming from the SE corner of the section instead of the SW corner due to the surface owner's home (building unit) being located there. This was also a term of the SUA.

I hereby certify that the statements made in this form are, to the best of my knowledge, true, correct and complete.
