**OPERATOR COMMENT AND SUBMITTAL**

Comment: Wesco has complied with all of the corrective actions listed on the field inspection form (document number 682504295). During February 25-28 (2019) and March 7-12 (2019) Wesco staff and contractors completed the following: addressed any weeds on site, removed the power poles, reclaimed and recontoured the facility and road, added manure for fertilization and seeded the site facility using NRCS suggested seed mix, and crimped straw on seeded area to enhance seed stabilization.

I hereby certify that the statements made in this form are, to the best of my knowledge, true, correct, and complete.
