Operator Comments:

This sundry is being submitted to update the well file, and acknowledge an error to the spacing unit on the approved APD identified by PDC after purchasing the wells from Bayswater. The APD incorrectly included the W2W2 of Section 10, T6N-R64W. The proposed spacing unit attachment, however, showed the accurate spacing unit of T6N-R64W Section 10, E2W2 and W2E2. This well was drilled and completed in accordance with the spacing unit represented on the proposed spacing unit attachment.

I hereby certify all statements made in this form are, to the best of my knowledge, true, correct, and complete.
