General Comments

<u>User Group</u>	<u>Comment</u>	<u>Comment Date</u>
Permit	•With concurrence from the operator, corrected the top of productive zone and bottom hole location to agree with the attached well location plat. It was noted that the "bottom of hole" footage on the well location plat, in the section diagram, incorrectly states 1182' FWL. This should be from the East line, as can be seen in the lower left corner summary. •Permitting review complete and task passed.	04/04/2019
Permit	•Requested concurrence on changing the new footage calls to agree with the attached well location plat.	04/03/2019
