General Comment:

COGCC Inspection Report Summary.

On 4/30/2019 at approximately 14:00, inspector Rick Moran, conducted a follow up inspection at Maralex Resources well Trail Canyon - L. Brady 23-3 in Rio Blanco county.

While there I conducted a follow up of:

- 1) FIR 675103156 from 12-7-2016
- 2) FIR 679702282 from 2-20-2018
- 3) FIR 679703384 from 3-14-2019
- 4) warning letter document 401499076 from 1-2-2018.

During this inspection the following possible compliance issues were observed as uncompleted :

- 1) Uncapped risers.
- 2) MIT.

During this inspection an additional compliance issue was identified:

1) Possible active gas pipeline exposed in lease roadway from storm water erosion. Summit Midstream's supervisor in Rangely was contacted at 18:15 in regards to the exposed pipeline.

A follow up on this site inspection will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.

This is a summary of inspection report 679703909.
