3. This Assignment is made subject to the following terms and conditions:

(A) This Assignment is subject to and delivered pursuant to the PSA, and nothing in this Assignment shall operate to limit, release, or impair any of Assignor's or Assignee's respective rights, obligations, remedies, or indemnities in the PSA. Assignor and Assignee intend that the representations, warranties, covenants, indemnities, and other terms of the PSA shall survive the execution and delivery of this Assignment to the extent, and in the manner, set forth in the PSA and shall remain separate and distinct from and not merge with or into the terms of this Assignment.

**(B) ASSIGNOR WARRANTS GOOD AND DEFENSIBLE TITLE (AS SUCH TERM IS DEFINED IN THE PSA) TO THE PROPERTIES FROM AND AGAINST THE CLAIMS OF ALL PERSONS LAWFULLY CLAIMING BY, THROUGH AND UNDER ASSIGNOR, BUT NOT OTHERWISE, SUBJECT TO THE PERMITTED ENCUMBRANCES (AS SUCH TERM IS DEFINED IN THE PSA) AND, EXCEPT FOR THAT WARRANTY, THIS ASSIGNMENT IS MADE SUBJECT TO THE FOLLOWING:**

Except as otherwise set forth in this Assignment or in the PSA, or confirmed in the certificate of Assignor to be delivered pursuant to Section 14.2 of the PSA, the Properties are being sold by Assignor to Assignee without warranty of any kind, express, implied, or statutory. **Without limiting the generality of the immediately preceding sentence and except as set forth in the PSA, but without limitation of Assignee's express rights**

and remedies thereunder, Assignor conveys the Properties as-is, where-is and with all faults and expressly disclaims and negates any implied or express warranty of (i) merchantability, (ii) fitness for a particular purpose, (iii) conformity to models or samples of materials and (iv) freedom from defects. Except as otherwise set forth in the PSA, and without limitation of Assignee's express rights and remedies thereunder, Assignor also expressly disclaims and negates any implied or express warranty at common law, by statute or otherwise relating to the accuracy of any of the information furnished with respect to the existence or extent of reserves or the value of the Properties based thereon, the condition or state of repair of any of the Properties; this disclaimer and denial of warranty also extends to the express or implied representation or warranty as to the prices Assignee and Assignor are or will be entitled to receive from production of Hydrocarbons from the Properties, it being understood that all reserve, price and value estimates upon which Assignee has relied or is relying have been derived by the individual evaluation of Assignee. Assignee hereby waives any warranty or representation, express or implied, with respect to the accuracy, completeness or materiality of the information, reports, projections, materials, records, and data now, heretofore, or hereafter furnished or made available to Assignee in connection with the Properties (including the Records and any description of the quality or quantity of Hydrocarbon reserves (if any), production rates, recompletion opportunities, decline rates, pricing assumptions, ability or potential for production of Hydrocarbons from the Properties, Environmental Condition of the Properties, or any other matters contained in any other material furnished or made available to Assignee by Assignor or by Assignor's agents or representatives and without limitation of Assignee's express rights and remedies hereunder). Other than as set forth in the PSA and without limitation of Assignee's express rights and remedies thereunder, any and all such information, reports, projections, materials, records, and data now, heretofore or hereafter furnished by Assignor is provided as a convenience only and any reliance on or use of same is at Assignee's sole risk. Without limiting the foregoing, and without limitation of Assignee's express rights and remedies hereunder, Assignee hereby releases and disclaims any and all causes of action that Assignee may have against Assignor with respect to any Environmental Condition or any other rights that Assignee may have against Assignor pursuant to any Environmental Law, including any right of contribution or claim for response costs pursuant to CERCLA. With respect to the Surface Interests, and without limitation of Assignee's express rights and remedies hereunder, Assignor expressly disclaims any representations or warranties that they are contiguous; that the Facilities lie within the Surface Interests, or that they grant the right to lay, maintain, repair, replace, operate, construction, or remove any Facilities. Subject to the provisions of the PSA, if necessary, Assignee shall secure its own rights and permits to operate and maintain any Facilities on the land of others at its own expense. There are no warranties that extend beyond the face of this Assignment and the PSA. Assignee acknowledges and affirms that it has reviewed the foregoing disclaimer and other provisions and agrees that such disclaimer and provisions are "conspicuous."

(C) Assignee assumes and agrees to timely fulfill, perform, pay, and discharge (or cause to be fulfilled, performed, paid, and discharged) the Assumed Liabilities as defined in, and

subject to and in accordance with the terms of, Section 2.3 of the PSA. Notwithstanding such assumption of the Assumed Liabilities, Assignor agrees that the Assumed Liabilities shall not include, and Assignee shall have no obligation to assume, or to fulfill, perform, pay, or discharge, any of Seller's Retained Liabilities, as defined under the term "Seller's Retained Liabilities" in Section 2.3 of the PSA. All indemnities of Assignor and Assignee relating to the Assumed Liabilities and the Seller's Retained Liabilities are set forth in, and are provided in accordance with the terms of, the PSA, reference to which is made for all purposes.

(D) To the extent permitted by applicable Laws, Assignee shall be subrogated to Assignor's rights in and to representations, warranties, and covenants of Assignor's predecessors in title given with respect to the Properties. Assignor hereby grants and transfers to Assignee, its successors and assigns, to the extent so transferable and permitted by applicable Laws, the benefit of and the right to enforce the covenants, representations, and warranties, if any, which Assignor is entitled to enforce with respect to the Properties, but only to the extent not enforced by Assignor.

(E) The references herein to contracts, claims and other matters shall not be deemed to ratify or create any rights in third parties or merge with, modify, or limit the rights of either the Assignee or Assignor, as between themselves, as set forth in the PSA or other documents executed in connection therewith.

(F) Assignor and Assignee will execute, acknowledge and deliver or cause to be executed, acknowledged and delivered such instruments and take such other action as may be reasonably necessary or advisable to carry out its obligations under this Assignment or the PSA or other documents executed in connection therewith. Without limiting the generality of the foregoing, Assignor will promptly execute and deliver, or cause to be executed and delivered, at Assignor's expense, to Assignee all instruments of transfer, powers of attorney and other documents, in addition to those otherwise required by this Assignment or the PSA, as may be required by Assignee in form and substance reasonably satisfactory to Assignee, and take all other action necessary or advisable, to (i) vest in Assignee title to, or rights, privileges, powers and franchises in, the Properties in accordance with this Assignment and the PSA, and (ii) perfect or confirm and record the sale to Assignee of the Properties. Assignor will use Commercially Reasonable Efforts to cooperate with Assignee's efforts to obtain all approvals and consents required by or necessary for the transactions contemplated by this Assignment or the PSA.

(G) This Assignment may be executed in any number of counterparts, each of which shall be deemed valid and binding with respect to the signatories thereto, and all of which together shall constitute one and the same conveyance. Assignee or any Assignor may execute separate governmental form assignments of the Properties on officially approved forms, in sufficient counterparts to satisfy applicable statutory and regulatory requirements. Those assignments shall be deemed to contain all of the exceptions, reservations, warranties, rights, titles, power, and privileges set forth herein as fully as though they were set forth in each such assignment. The interests conveyed by such separate assignments are the same, and not in addition to, the Properties conveyed herein.

(H) This Assignment, the obligations of the Parties under this Assignment and all other matters arising out of or relating to this Assignment and the transactions it contemplates, will be governed by and construed in accordance with the Laws of the State of Texas, without giving effect to any conflicts of law principles that would cause the laws of another jurisdiction to apply. Any dispute arising out of or relating to this Assignment which cannot be amicably resolved by the Parties, shall be brought in a federal or state court of competent jurisdiction sitting in Harris County of the State of Texas and the Parties irrevocably submit to the jurisdiction of any such court solely for the purpose of any such suit, action or proceeding.

(I) This Assignment binds and inures to the benefit of Assignor and Assignee and their respective successors and assigns.
