**General Comment:**

On 4/29/2019 at approximately 17:00 , inspector Rick Moran, conducted a follow up inspection at Chevron's well Hagood A3 in Rio Blanco county.

While there I conducted a follow up inspection of FIR document 679702920 and Form 42 document 401965327 along with a routine well Inspection.

During this inspection the following compliance issues were identified as resolved:

- 1) Well head installed.

During this inspection the possible additional compliance issues were identified:

- 1) Deadman marker lying down.
- 2) Unused pipe next to well head.

A follow up on this site inspection will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.

This is a summary of inspection report 679703894.
