**General Comment:**

COGCC Inspection Report Summary.

On 4/30/2019 at approximately 13:00, inspector Rick Moran, conducted a follow up inspection at Maralex Resources's well Lowell Brady 23-3A in Rio Blanco county.

While there I conducted a follow up inspection of FIR document 679702285 dated 12-20-2018 and FIR document 679703382 dated 3-14-2019, along with a routine well inspection.

During this inspection the following possible compliance issues were observed as uncompleted:

- 1) Missing tank berm.

During this inspection the possible additional compliance issues were identified:

- 1) Gas leak at well head.

A follow up on this site inspection will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.

This is a summary of inspection report 679703907.
