Comment: Inspection in response to complaint. 18#200447246

Field Inspector Assigned: Adam Kraich

Complaint Received:

Date: 5/2/2019

Complaint Contacted:

Date: 5/2/2019 @8:52

Location #: 440858

Inspection Document #: 694400153

Nature of complaint: Noise

Field Inspector Actions:

On 5/2/2019, I received a complaint concerning low frequency (C-Scale) noise coming from the Simpson FD location, owned and operated by Great Western Oil & Gas Company.

On 5/2/2019, I set a continuous sound monitor 25 from the residence as guided by rule 802.d. I began the sound audit 5/2/2019 @ approximately 9:52am. The audit was concluded on 5/6/2019 at approximately 8:47am. LEQ averages are isolated to nighttime hours only (7am to 7pm). Additionally, the hours from 4:30am to 7:00am are excluded from the study and LEQ averages due to wind speeds beyond those defined on rule 802.

LEQ 2 average over the course of the audit is observed at 70.7DB. This indicates noncompliance under rule 802.d.

See inspection document for corrective action detail.

All information reviewed and site inspection information were submitted to the complaint specialist for further review.

Corrective Action: Comply with rule 802.d

Date: 05/13/2019
