Environmental**Spill/Remediation:**

Comment: Annual Form 27 reports are required on remediation #11013. No updates have been filed since 02/07/2018. Passive SVE wells are still present on location and appear in good condition.

Corrective Action: Submit Form 27 update with COGCC including all laboratory analytical reports for all samples collected during the reporting period. COA on Document #401539112 states "Define the vertical extent of contamination in the vicinity of sample location SS-13".
