General Comment:

This is a follow-up final reclamation and stormwater inspection.

This inspection is to document compliance for the following corrective actions:

1004.a: Remove pipe riser, various debris, stained soils, close pits, and conduct reclamation.

Previous inspections for this location, and other locations operated by Allison Drilling Company Inc, were submitted via certified mail as no operator email contact was provided by operator. The most recent inspection mailed to operator (Location #403729, Doc. #682503112) was returned to the COGCC as the Operator is no longer at the address on record:

ALLISON DRILLING COMPANY INC - #1350
425 SOUTH CHERRY ST #800
DENVER, CO 80246
USA

Operator has failed to address corrective actions. Location is being referred for enforcement for possible bond claim.

Comment:

Previous inspection documented that the pits on location have not been closed, pipe riser and various pipe debris remain on location and stained soils exist at access road, well and pit. Inspection required operator to conduct reclamation.

Unable to find evidence that work has been conducted. Pits have not been closed, pipe riser, debris and stained soils have not been removed. See attached photo document.

Original corrective action and date remains applicable.

Corrective Action:

Remove pipe riser and any debris remaining on location. Remove stained soils and waste, close pits and stabilize the location until the location permanently stabilized with vegetation. Activities shall be complete no later than 7/31/2017. Revegetation activities to more permanently stabilize the location shall be complete no later than 11/15/2017.

Date **07/31/2017**

Comment	User	Date
Stained/contaminated soils also evident on areas to the east of the pits. Arial imagery suggests possible historic spill or discharge from pits.	trujilloam	05/24/2019
