1003a. Waste and Debris removed? Fail

Comment

Senesced / dead Debris weeds, Kochia & Russian Thistle were noted in Interim areas and along pad perimeter. Non noxious weeds are considered debris/waste once they have died and dried up. When these or any other vegetative material that could blow offsite or into equipment areas are dead they are considered debris.

Corrective Action

Remove Debris from Location.

1003 f. Weeds Noxious weeds? P

Comment

There is an area approx 103 X 64 Ft at Northwest end of Pad that does not appear to be in use; this area is not heavily compacted or graveled; bare ground that is supporting weed growth. Though this unused area is within the 80 Ft allowed for workover rig, it should be considered to revegetate this area for longterm stability and weed control of Site.
