**Good Housekeeping:**

Type	WEEDS
Comment:	Previous inspections documented noxious weeds (Diffuse Knapweed, Centaurea diffusa) along access road and location, and required operator to manage and remove. Though not as densely populated as previously documented, Knapweed remains evident on location.  Corrective action will remain applicable until addressed in its entirety.

Corrective Action: Properly remove and control noxious weeds. Ongoing weed management and monitoring is required, and needs to occur in accordance to COGCC rules and regulations.
