CAUSE NO. 139

DOCKET NO: 0910-SP-24

REQUEST FOR DIRECTOR APPROVAL OF APPLICATION ON THE
MERITS OF A VERIFIED APPLICATION AND SUPPORTING EXHIBITS

By Verified Application ("Verified Application") filed with the Colorado Oil and Gas Conservation Commission ("COGCC") on August 28, 2009, Laramie Energy II, LLC ("Applicant") by and through its attorneys, Beatty & Wozniak, P.C., requested that the Commission establish an approximate 40 acre drilling and spacing unit covering certain described lands in Garfield County and that the equivalent of one (1) Williams Fork and Iles Formation well per ten acres be authorized for such drilling and spacing unit. The Verified Application has not been contested. Pursuant to Rule 511.a., Applicant hereby requests that the Director recommend approval of the Verified Application on the basis of the merits and the supporting exhibits.

BACKGROUND AND STATUS OF THE VERIFIED APPLICATION

1. Applicant owns a leasehold interest in the Application Lands as described in the Verified Application.
2. Both the Williams Fork Formation and the Iles Formation underlying the Application Lands are prospective for the production of gas and associated hydrocarbons and are qualified for development on a ten acre density basis.
3. Approval of the Verified Application will allow gas and associated hydrocarbon substances from these formations to be efficiently developed and will not result in violation of correlative rights and will prevent waste.

VERIFIED STATEMENT

Attached are the verified statements of Mark R. Petry, Vice President of Business of Business Development for Applicant, Mark G. King, Senior Geologist for Applicant and Robert G.

Hea, Vice President of Engineering and Operations for Applicant, submitted in support of this request for the Director to recommend approval of the Verified Application on the basis of the merits and the supporting exhibits.

DATED: October 14, 2009.

Respectfully submitted,

Laramie Energy II, LLC
