BEFORE THE OIL AND GAS CONSERVATION COMMISSION  
OF THE STATE OF COLORADO

CAUSE NOS. 139 AND 440  
DOCKET NO. 0707-SP-17

NOTICE OF CONTINUATION OF HEARING

TO ALL INTERESTED PARTIES AND TO WHOM IT MAY CONCERN:

On April 20, 1990, the Commission issued Order No. 139-16, which among other things, established 640-acre drilling and spacing units, for the production of gas and associated hydrocarbons from the Mesaverde Formation, with the permitted well to be located no closer than 960 feet from the unit boundaries, for certain lands including Section 22, Township 7 South, Range 95 West, 6th P.M.

On April 24, 2006, the Commission issued Order No. 440-32, which among other things, allowed the equivalent of one well per 20 acres with a downhole location anywhere in the 640-acre drilling and spacing unit, no closer than 200 feet from the boundaries of the unit and no closer than 400 feet from any existing well, for the production of gas and associated hydrocarbons from the Williams Fork Formation, for Section 22, Township 7 South, Range 95 West, 6th P.M.

On June 1, 2007, EnCana Oil & Gas (USA) Inc. ("EnCana"), by its attorneys, filed with the Commission a verified application for an order to vacate the 640-acre drilling and spacing unit consisting of Section 22, Township 7 South, Range 95 West, 6th P.M., established in Order No. 139-16 and establish 40-acre drilling and spacing units for said Section 32, for the production of gas and associated hydrocarbons from the Williams Fork Formation. The order should continue to allow the equivalent of one (1) well per 20 acres, with the permitted well to be located 200 feet from the boundaries of the drilling and spacing unit and 400 feet from an existing Williams Fork Formation well, absent an exception from the Commission.

On July 18, 2007, EnCana, by its attorneys, filed with the Commission an amendment to the application to include the Iles Formation in the June 1, 2007 request for an order. The matter was then continued to the August hearing so that it could be re-noticed.
