Re: **Apache Canyon 11-7**
Proposed Class II Disposal Well
Las Animas County, Colorado

Dear Mr. Forte:

Meridian Oil Inc. proposes to complete the referenced well to serve as a disposal well for water produced on our Apache Canyon Lease located southwest of Weston, Colorado. The water is to be produced by dewatering coal seam degasification wells completed in the Raton and Vermejo coal formations. A public hearing to consider authorization for this disposal well may be required before the Colorado Oil and Gas Conservation Commission. Additional information may be obtained from the Commission at its office located at
1580 Logan Street, Suite 380
Denver, Colorado 80203
Phone: (303) 894-2100

If you consider the authorization of underground disposal will adversely affect or aggrieve you, you may request a public hearing on the proposed authorization by filing a request with the Commission within fifteen (15) days after this notice has been mailed or delivered.

Sincerely,

Robert L. Bradshaw
Sr. Staff Env./Reg. Specialist
