

Colo. Oil & Gas Commission

2/4/2000

Attn: Larry Robbin

To: Campbell Well

FEB - 8 2000

LO, CL

Dear Larry,

I was advised to write you a letter outlining the problems we are encountering in plugging the above well. And the process we have been doing in trying to get job done.

Be advised we have contacted the following companies. As per my msg to you on 9/7/99 and we are still waiting in line.

S+S Well Service

Denver Drilling

Key Rocky Mtn.

Carmichael

DJR

H+R

Wannley

Seed

Greison

Shrom Equipment

We have told them we will take

A rig Anytime even weekends
You will be contacted 48 hrs
prior to pulling.

FEB - 8 2000

Sorry there are no rigs ~~available~~
available this is since back
in August - last year.
They are still telling us it
will be after month of February.

I talked to you on 9/2/99 explaining
the problem in getting work done
And ask you to resend plugging
orders to DTR they would try to
work me in the rotation
Late Dec or Jan. they still
cant give me a date.

Mr Ray Schram of Shram Equipment
seems to be more positive in
trying to landing one of his rig
for one well pulling job.
Don Trusting this may work

RECEIVED
FEB - 8 2000
I am trying my very best to
be a prudent Operator. As you
know I don't own these wells
just operate them for R.H.I.
Richardson Homes.

I have paid the 2000.00 fine
you assessed to the State of
Colo. As you suggested I do.
I now wish I had put a working
pumping unit on well and
produced it.

Sorry I did call you today
2/4/00 and you were out.
I did speak with Mr. Dave
Willison and he suggested
I write a letter addressing my
problems.

You have stated you Cant
Contact me.

FEB - 8 2000

The Phone number is
303-344-2067

Fax 720-859-9314

Address is Energy Search Co

P.O. Box 31697

Durora, CO 80041

I'm hoping you and Commission
Can understand the situation
It is not that I am not
trying to adhere to your
policy. At the present
time it just seems to be
near impossible to get help
I will keep you posted as to
my progress

kindest regards
Don Bullock
