Gentlemen:

The permit to drill at the above-mentioned location has become null and void and the drilling permit fee forfeited because you have not complied with the following requirement:

Unless operations are commenced within 120 days from the date of approval, the drilling permit fee shall be forfeited if the well is not drilled, unless a request, in writing, is received in the Commission office for an extension of time, or for a refund, prior to the expiration of the 120 days, or if an extension is granted and a request is not received for a refund prior to the expiration of the 240 days.
