Dear Mr. Quinlan:

The Daly General Agency recently contacted this office in regard to release of Bond #75431 covering drilling operations in connection with your Wessel #1 well located in the NW/4SE/4 of Section 21, Township 9 North, Range 69 West, Larimer County, Colorado.

We have checked our files and find that we have not received completion papers on this well. The reports required include our Form OGCC-2 and plugging information if the well has been abandoned.

As soon as these completion reports have been received by us, we will notify the bonding company that above captioned bond may be released.

Very truly yours,

OIL AND GAS CONSERVATION COMMISSION
