## PROFESSIONAL EXPERIENCE

<sup>23</sup>  
 Eighteen years experience in the research, preparation, presentation and development of stratigraphic/structural prospects in the Mid-Continent with emphasis on Central and Western Kansas and Eastern Colorado. Comprehensive knowledge in all areas of exploration geology including wellsite operations, prospect evaluation, geophysics, and computer applications with an emphasis on bottom line profitability.

### MURFIN DRILLING COMPANY, INC.

#### Geological Manager

*1984 to Present*

Mid-Continent (Western Kansas, Eastern Colorado, Southwestern Nebraska) Manage, coordinate, and monitor exploration projects. Responsible for all activities of the Exploration Department including personnel management, prospect evaluation, lease acquisition, seismic assignments, drilling recommendations, wellsite supervisor, and prospect marketing.

#### Geologist

*1979 to 1984*

Responsible for the research and preparation of prospects to be presented to management. Made recommendations for lease acquisitions and drilling. Supervised the geological phase of drilling wells including personal onsite work.

## EDUCATION

### KANSAS STATE UNIVERSITY

Bachelors of Science - Geology

1979

### SHORT COURSES, CLASSES AND SEMINARS

- ◆ Exploration Methods for Sandstone Reservoirs, Dr. Daniel A. Busch
- ◆ Borehole Environment, A.A.P.G.

- ◆ Geophysics for Geologists, GeoQuest International, Inc.
- ◆ Petroleum Exploration School, A.A.P.G.
- ◆ Applied Reservoir Engineering for Geologist, Dr. Donald E. Menzie
- ◆ Carbonate Exploration School, A.A.P.G.
- ◆ Exploration for Carbonate Reservoirs, Dr. G. W. Friedman
- ◆ Practical Pressure Transient Analysis: Application in the Mid-Continent, SPE, KGS & SIPES
- ◆ Sandstone Reservoirs and Depositional Systems, Roderick W. Tillman
- ◆ 3-D Seismic: What Every Geologist Should Know About Acquisition and Processing, Christopher L. Limer
- ◆ Symposium on Geophysics in Kansas, Kansas Geological Survey
- ◆ Upper Morrow Formation Reservoirs - Their Characteristics and Depositional Environment, Donald C. Slawson
- ◆ Kansas Core Workshop, Kansas Geological Survey
- ◆ Well Log Interpretation and Analysis, Technology Extension, O. S. U.

## PROFESSIONAL AFFILIATIONS

### AMERICAN ASSOCIATION OF PETROLEUM GEOLOGISTS

Active Member	1979
Certified Petroleum Geologist #3822	1987

### KANSAS GEOLOGICAL SOCIETY

Active Member	1978
Secretary	1996
Treasurer	1997

### ROCKY MOUNTAIN ASSOCIATION OF GEOLOGISTS

Active Member	1980

**Personal Data:**

Born March 6, 1954. Married with two children. Excellent health.

**Education:**

Bachelor of Science in Earth Science, Minors in Geology and Geography, University of Wisconsin, River Falls, WI, 1976-80.

Formation Evaluation, Unit I, Oil and Gas Consultants International, Inc., June, 1982.

Log Interpretation Fundamentals, Dresser Atlas Correspondence Course, June, 1981.  
Johnston-Schlumberger Drill Stem Testing and Formation Evaluation Seminar, March, 1982.

Schlumberger Electric Log Interpretation Seminar, July, 1981.

**Employment Experience:**

1983 - present -- Independent Geological Consultant own and operate several mudlogging trailers and provide geological wellsite services.

1995 - present -- Soil sample collection and distribution for geochemical analysis; GPS experience.

June 1983 - October 1983 -- Stivers Consulting, Inc., Graham, Texas; Geological Consulting and Mudlogging.

March 1980 - May 1983 Tooke Engineering and Intermountain Consulting Service, Casper, Wyoming; Geological Consulting and Mudlogging.

June 1978 - August 1978 Chinook Pipeline, Douglas, Wyoming.

June 1976 - August 1976 Powers Elevation Company, Casper, Wyoming; Surveying oil well locations.

March 1975 - March 1976 Globe Universal Sciences, Casper, Wyoming; Seismograph.

**Professional Associations:**

Rocky Mountain Association of Geologists

American Association of Petroleum Geologists

Colorado Scientific Society

Certified Wyoming Professional Geologist No. PG-1030
