**General Comment:****COGCC Inspection Report 689802973 Summary**

On Tuesday 8/13/2019 at approximately 11:40, I, Inspector Emily Waldron, conducted a field inspection at Sandridge Exploration and Production LLC Peterson Ridge 01-20H, at 426365 in Jackson County Colorado.

While there, I performed a follow up inspection to vehicle tracking issues observed in inspection document number 689802773. Vehicle tracking corrective actions have not been resolved.

During this inspection the following possible compliance issues were observed:

Tracking off location occurring onto highway 40 in both directions. Inspector observed tracking on 8/12/2019 while traveling on highway 14, photos 1-4. No tracking BMPs observed during inspection performed on 8/13/2019. See photos 5-8. Maintain vehicle tracking BMPs on the oil and gas location to comply with rule 1002.f.(2)F. If material is tracked onto County or public roads, contact the appropriate authority by 5/8/2019.

I spoke with Russel Shipley and Spence Laird of Sandridge on 8/14/2019 to discuss lack of tracking measures.

A follow up on this site inspection will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.

This is a summary of inspection report 689802973.

**Reclamation - Storm Water - Pit****Storm Water:**
