**General Comment:**

**Environmental****Spills/Releases:**

Type of Spill: OIL

Estimated Spill Volume: \_\_\_\_\_

Comment: Mountain View Fire Rescue was dispatched to the subject location at 12:47pm on 08/17/2019 in response to a 911 call reporting an oil spill. Fire Rescue's initial report states they found a "30 foot round puddle of crude oil". As of 08/22/2019, the operator had not notified either the COGCC or the local government (Dacono, CO) of the discovery. After being contacted by the COGCC, the operator did submit a Form 19 Initial w/ Supplemental Report on 08/22/2019. That Form 19 does not correctly describe the spill/release point location as being within the municipal boundaries of Dacono.

Corrective Action: Submit revised Form 19 stating the spill/release point location is within the municipal boundaries of Dacono.
