Subject: State Reportable Release

Good afternoon,

We had a state reportable release from the location noted below due to historical impacts to soil which were discovered after removing the produced water sump at the tank battery.

Excavation activities are currently under way and additional information will be provided in the forthcoming Form 19.

Associated Well Name: Glasser 1-21A
Battery Location: NWNE Sec 21-3N-66W
API Number: 05-123-14625
