Attention: Mr. George Farmar

Gentlemen:

We have had occasion to check your production records against the well files, and should like to advise that a Form 10 (Certificate of Clearance) is needed to show change of ownership and effective date of change on the following wells:

Armstrong - Minto field 1-9A-53 W
Tetsell - Mount Hope-East field
Luther - Pawnee Creek field
Schreiber - Last Chance field
Government "A" - White Butte field

It is imperative that we have these records, in order that the production files and well files agree.

We have enclosed a few Form 10's for your needs, since three are required on each well.

Your prompt attention to this matter will be appreciated.

Very truly yours,

OIL AND GAS CONSERVATION COMMISSION

William R. Smith, Senior Petroleum Engineer
