Operator Comments:

This Form 5 is being submitted in response to a July 26, 2018 data request for a new Drilling Completion Report for wells that have not had one filed since 1999.

There are no cementing tickets available for this well.

This well is a re-entry of the Monsanto Chemical Company's Beth #1 well which was completed as a dry hole on December 22, 1962.

I hereby certify all statements made in this form are, to the best of my knowledge, true, correct, and complete.
