<p>COGCC Inspection Report Summary</p> <p>On Wednesday September 18, 2019 at approximately 10:12AM, I, Inspector Randy Silver, conducted an on-site inspection.</p> <p>Location: LF Layer Unit #2</p> <p>Operator: KP Kauffman</p> <p>API#:05-123-09216</p> <p>County: Weld</p> <p>While there, I observed a well site</p> <p>During this inspection the following possible compliance issues were observed:</p> <p>Self -inspection: Rule 1002 F (2)D Corrective action date of 8-19-19</p> <p>This is a follow up inspection per Doc# 693501040. At time of inspection KPK had installed new sticker over the old sign. All weeds on site and road have been cut.</p> <p>Weather conditions: Clear and location is dry</p> <p>After an internal review of recent inspections at KPK facilities, COGCC Staff has determined that KPK has repeatedly and consistently failed to comply with certain COGCC rules (categorized in those inspection reports as violations related to "Signs/Marker," "Emergency Contact Number," and/or "Good Housekeeping"). In light of this apparent pattern of violations, violation(s) identified in this inspection report under those categories are being entered for notification and documentation only and are not intended to provide KPK the potential opportunity to resolve the alleged violation(s) without the imposition of penalty, pursuant to Rule 522.c. Therefore, in this inspection report, COGCC Staff has documented violation(s) and identified relevant corrective action(s) required to return to compliance, and pursuant to Rule 522.c., retains discretion to seek penalties for any violation documented in this inspection report.</p> <p>A follow up on this site inspection needs to be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.</p> <p>This is a summary of inspection report.</p>	silverr	09/18/2019
