Attention Mr. D. V. Rogers, Director

Gentlemen:

In regard to your request of October 6, 1966, for a Plugging Report on the Divide Unit No.'s 4, 7 and 9, we also found that, in addition to these, requests were also made for the above captioned wells. We wish to advise that we prefer not to plug these wells at this time since we are evaluating tertiary recovery prospects in this area. If these wells are plugged at a future date, we will send a Sundry Notice and Report on Wells (Form 4).

In reference to your request on the report of Government 22X-17, we are sending progress reports daily to your office. If this data is not sufficient, please advise.

Very truly yours,

D. B. O'Neill
Division Exploitation Engineer
Rocky Mountain Division
