TRANSECT RESULTS OF DISTURBED AREA% _____

TRANSECT RESULTS OF REFERENCE AREA% _____

TOTAL % OF DESIRABLE VEGETATION COVER _____

VEGETATIVE COVER _____

1003 f. Weeds Noxious weeds? _____

Comment

Based on information provided in Form 4 Sundry Notice Doc.# 402155590, the Surface Owner wanted a native grass mix (Section 4 of the redacted SUA). Operator failed to reseed the Interim Reclamation areas with the proper seed mix. Operator used an Introduced grass mix instead of a native grass mix.

Per Rule 1003.e.(2), Operator shall consult with the local Natural Resources Conservation Service (NRCS) to determine the proper seed mix to use.

Corrective Action

Corrective Action #1: After consultation with the NRCS and before starting reclamation activities, Operator shall submit the NRCS seed mix. Please submit this information via Form 4 Sundry Notice and be sure to state somewhere on the Form 4 Sundry Notice- "Please route to Chris Binschus Reclamation Specialist".

Corrective Action #2: Perform reclamation in accordance to COGCC 1003 reclamation rules and requirements. Ensure erosion controls are implemented to stabilize the seeded soil, and continue to monitor and manage this site until the location meets Rule 1003 standards. Interim reclamation activities shall be complete no later than November 15, 2019.

Date **11/15/2019**Overall Interim Reclamation **Fail****Final Reclamation/ Abandoned Location:**

Date Final Reclamation Started: _____ Date Final Reclamation Completed: _____

Final Land Use: **RANGELAND**

Reminder: _____

Comment: _____

Well plugged _____ Pit mouse/rat holes, cellars backfilled _____

Debris removed _____ No disturbance /Location never built _____
