Reclamation Specialist	Operator was contacted and it was discussed that Approval of Form 4 is not needed for Reclamation of Site to commence. Reclamation plan will be in Location file. Approval of the form 4 acknowledges that the Oil and Gas Conservation Commission has received the Notice; it is not an acknowledgement that the reclamation has been passed. A field inspection will be conducted to evaluate compliance with reclamation standards when Site reported, Reclamation Complete; site ready for inspection; Vegetation has reached 80% of reference area requirement.	09/28/2019
