General Comment:

On 9/30/2019, Catherine Roy conducted a reclamation and stormwater inspection. During this inspection the following compliance issues were observed:

-Dead rabbit observed on well pad. In accordance with wildlife rules, operator shall educate employees and contractors on wildlife conservation practices, including no harassment or feeding of wildlife. Limiting access to location, may be needed as trash and dead rabbit may indicate that the location is being accessed by unauthorized personnel.

-Junk and debris needs to be removed by 10/18/2019.

See below, and attached photos for additional detail.
