Mr. Eddie Fisher
Box 115
Brush, Colorado

Dear Mr. Fisher:

Re: Proposed Wildcat Test, Teddy Rece No. 1,
NW NW SW 9-9N-52W, Logan County, Colo.

We have your notice of intention to drill Teddy Rece No. 1,
NW NW SW 9-9N-52W, Logan County, Colorado.

The new regulations call for a bond of \$2500. for an
individual well, or a blanket bond of \$10,000 to cover all operations
on fee and patented lands.

On reviewing our files, we note that you filed Notice of
Intention to Drill, #1 Finnerty, NE $\frac{1}{4}$ 23-2S-68W, Adams County, Colorado,
which Notice was approved June 28, 1950. No other reports were
received on this well. We would appreciate receiving a complete
report on what happened to this well, -- if completed, a log should
be filed with this office, in triplicate. If abandoned, a Notice of
Intention to Abandon the well should be submitted to and approved by
this office before the \$2000. bond issued by the Massachusetts
Bonding and Insurance Company can be released.

We will hold your Notice of Intention to Drill Teddy
Rece No. 1, pending receipt of a \$2500. bond, and a subsequent report
on #1 Finnerty.

Sincerely yours,

Director.
