General Comment:

On 10/16/2019, Catherine Roy conducted a reclamation and stormwater inspection. During this inspection the following compliance issues were observed:

-Weeds need to be controlled around equipment by 11/8/2019.

-Annual weeds need to be managed/controlled within the interim reclamation area by 5/1/2020.

See below, and attached photos for additional detail.

1003 f. Weeds Noxious weeds? _____

Comment Based on well file records and vegetation condition, it appears that reclamation was conducted in 2018. Revegetation is progressing in an early establishment condition. Successful establishment of desirable species is threatened by tall annual weeds.

Corrective Action Control/manage tall annual weeds within the revegetation areas to encourage desirable vegetation establishment.

Date **05/01/2020**
