<p><b>**Weather Conditions: Snow</b>  <b>COGCC Inspection Report Summary</b>                      On Monday, October 28, 2019 at approximately 15:00, I, Inspector Brittani Santistevan, conducted an on-site inspection at TRIANGLE 22 PAD (PDC Energy), at location #: 432327 in WELD COUNTY Colorado.                      While there, I observed shut in/producing wellheads.                      During this inspection the following possible compliance issues were observed:                      1. Unused risers near ECD's, need to be removed if no plan for future use. <b>COMPLY WITH RULE 603.F.</b> (Corrective Action Date: November 28, 2019) See attached photos #11, 12.</p> <p>A follow up on this site inspection needs to be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.                      This is a summary of inspection report.</p> <p><a href="#">Continuing Education Inspection</a></p>	santistb	10/28/2019
