For the above referenced inspections, the corrective action date will start 30 days after the operator is changed to XTO Energy on the COGCC website.

Hello Rick,

XTO has received 7 COGCC inspections requiring submittal of Form 4s to Abandon Permits for BOPCO wells. It is my understanding that we are not able to submit the Form 4s until the changes of operator for these wells has been completed. The Change of Operator was submitted on 8/20/2019 DOC 402147002, approval is pending. Is it possible to get extensions to the Corrective Action dates to allow for approval of the Change of Operator?

List of Inspections requiring Form 4-Abandon Permit:
