Director

OCT 21 1985

Date: \_\_\_\_\_

The Jurisdictional Agency determination was based on information contained in or added to the Application. Review by the professional staff of the Colorado Commission indicates that this well is an (New) (~~Old~~) well. The well produces from the "D" Sand reservoir(s); and was drilled after

February 19, 1977. No marker well is located within a radius of 2.5 miles.

This conclusion was originated by examination of plat records maintained by the Colorado Commission, completion report, and statements in the application.

Which show this well is a new onshore well not located within 2.5 miles of a marker well.

Therefore meets the qualifications of a ( 102 ) well as defined in the N.G.P.A. (2.5 mile rule)
