Re: # 1 and #2 Lauer leases

Dear Sir:

On April 25, 1956 we approved an intention to drill your # 1 Lauer lease in the NW of 12-7N-59 W, Weld County, Colorado. We also approved your # 2 Lauer on May 4, 1956 located in the NESWNW of 12-7N- 59 W, Weld County, Colorado.

On August 17, 1956 you advised us that these intentions were still locations and that you would send completions when and if you are able to drill these wells.

We wish to call you attention to #303 of our Rules and Regulations which states "Unless operations are commenced within One Hundred Eighty (180) days after the date of approval, the approval to drill will become null and void. New intentions must be submitted after this time.

We are enclosing completion reports for you to fill in and return to us so same can be put in well files to complete same. If well was not drilled please state so on form.

Very truly yours,
Oil and Gas Conservation Commission

D.V.Rogers, Deputy Director
