Comment: This location is not in compliance with Rule 1004 vegetative standards. There has been two growing seasons since plugging operations and vegetation is not reflective of reference area vegetative levels. There are large areas of bare patches and weedy, annual vegetation (Kochia).

Corrective Action:

Date **11/13/2019**

Comply with Rule 1004. Collaborate with the landowner to determine mitigating measures that will allow reclamation work to be conducted in such a manner as to not interfere with agricultural activities or crop production.

The corrective date is not intended to be the date for which the Operator shall complete the corrective actions but rather the corrective date is the date the location was observed out of compliance.
