319 Evans Avenue  
Cheyenne, Wyoming

Dear Mr. Houser:

Mr. Rogers, our Director, informed me some time ago that you were going to drop in, take care of the bonding requirements on your #2 H. D. Lauer well located in section 12-7N-59W, and what other matters had to be attended to.

As yet we have not heard from you. The well was completed March 27, 1964, and although I understand it is producing, no production reports have been received. In addition to the production reports and prior to the selling of oil and/or gas a Form 10 "Authorization to Transport - - " should have been filed.

Your immediate attention to these matters will be greatly appreciated.

Yours very truly,

OIL AND GAS CONSERVATION COMMISSION
