OIL & GAS  
CONSERVATION COMMISSION

Dear Mr. Rogers;

After our telephone conversation concerning Houser's Lauer #2 well, I talked with John Dixon of Sterling, Colorado, also made arrangements with him to put up the bond on the well. You should have the bond by the time this letter reaches you. He assured me he would mail you a report and also call his insurance company in time for you to have it by Monday.

Thank you for your patience.

Very truly yours,

*W. H. Tyler*
