Mr. John T. Dixon  
P. O. Box 467  
Sterling, Colorado

Dear Mr. Dixon:

We are in receipt of the bond written for you covering the Lauer #2 located in the NE NW section 3, township 7 north, range 59 west, Weld County which was drilled for the Houser Drilling Company, Inc. The bond has been approved and filed.

It was my understanding from Mr. Tyler that you would be operating the well for Houser so I don't believe a notice of change of operator is needed; however, in the event the operation should be in your name please submit an OGCC-4 Sundry Notice showing change of operator in the absence of a market or an OGCC-10 Certificate of Clearance showing change of operator after a market has been established. Of course if the well is to be abandoned, approval of intention to abandon, could be handled either under your name or Houser Drilling.

If we can be of further assistance in this matter please contact us.

Yours very truly,

OIL AND GAS CONSERVATION COMMISSION

William R. Smith, Deputy Director
